Nuovi modelli di business

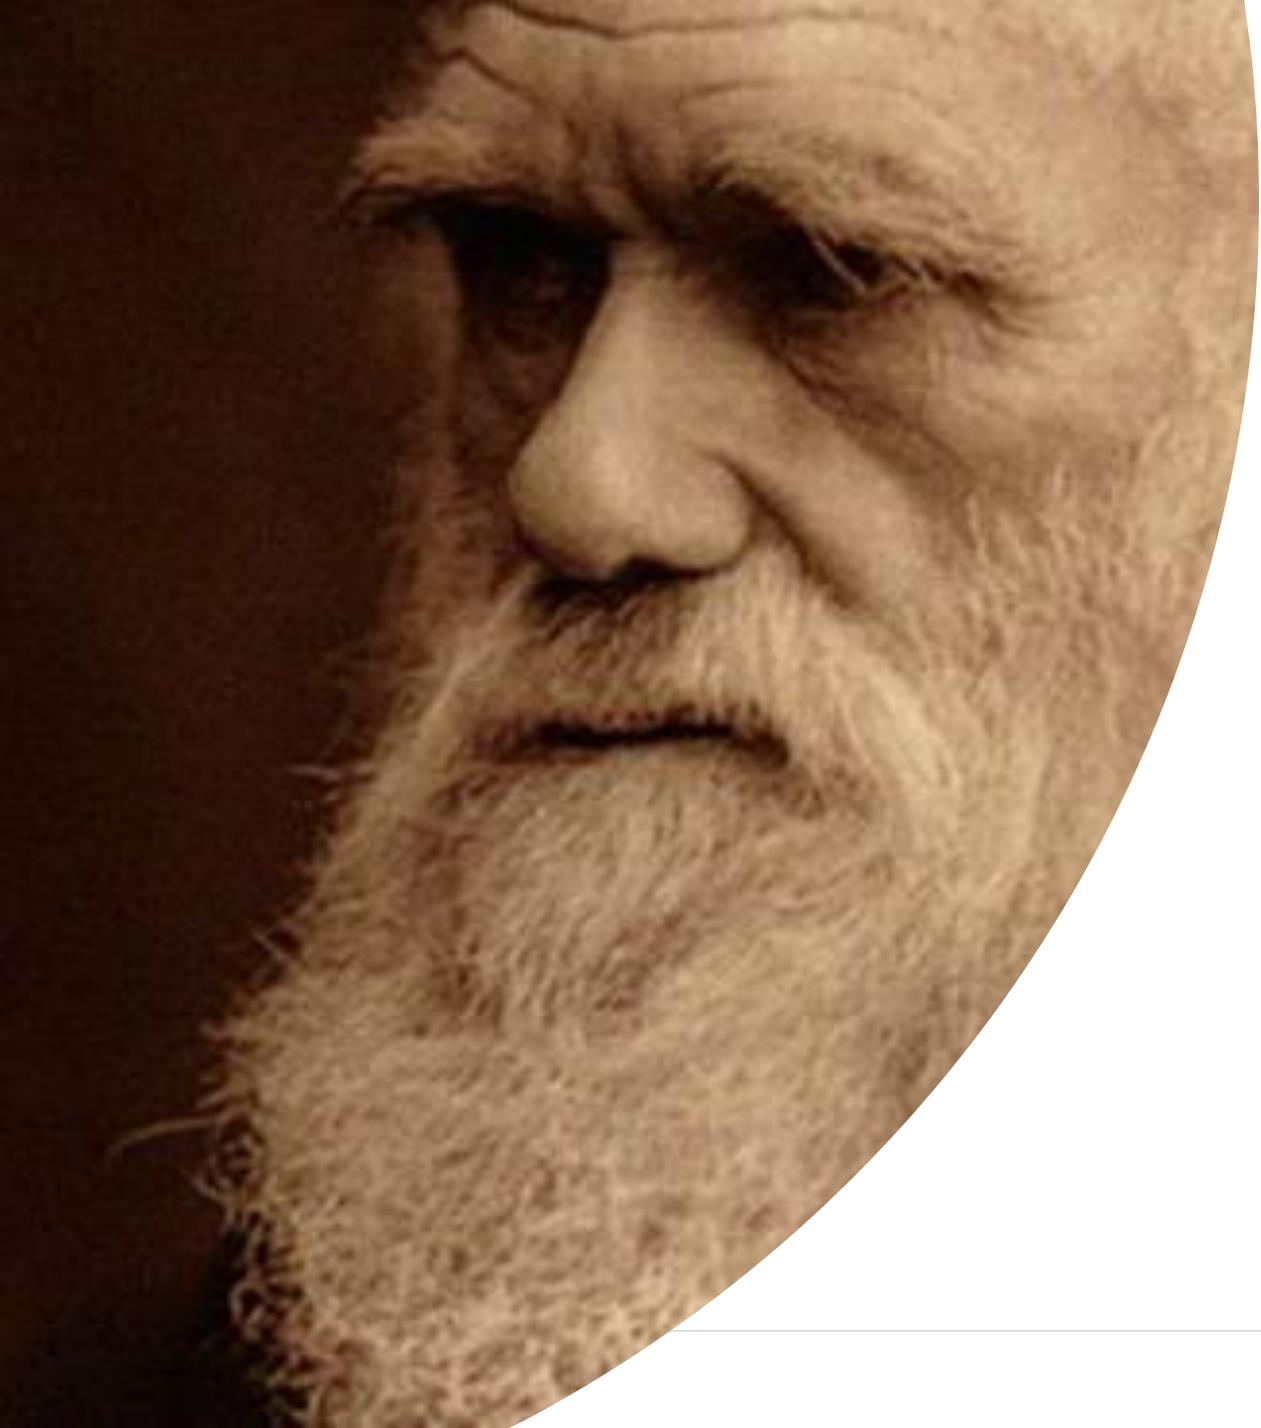

L'evoluzione dei mercati e il comportamento dei consumatori influenza la trasformazione di molti modelli industriali e commerciali. La conoscenza del cliente e dei suoi modelli di acquisto assumono sempre più un'importanza strategica e sono in grado di consentire la personalizzazione e la conoscenza a livello di singolo cliente.

«Product Driven» Company

Microsoft Dynamics 365 for Sales: Ready to Experience

A promotional graphic for Microsoft Dynamics 365 for Sales. The background is dark blue. On the left, a white-bordered box contains the text "Microsoft Dynamics 365 for Sales" in a bold, sans-serif font, with "READY TO EXPERIENCE" underneath in a smaller font. Below this, the price "99€" is written in a large, white, handwritten-style font, followed by "al mese" and "x utente x 3 anni" in a smaller, white, handwritten-style font. To the right of the price is an orange tag with the word "PROMOZIONE" written on it in white, uppercase letters. On the far right, there is a white silhouette of a tree where the branches are represented by human figures in business attire. Below the tree, the text "CRM = CUSTOMER ENGAGEMENT" is written in white, uppercase letters. At the bottom right, a hand in a suit sleeve is shown holding the text "CRM = CUSTOMER ENGAGEMENT" as if presenting it.
