

# CONAI

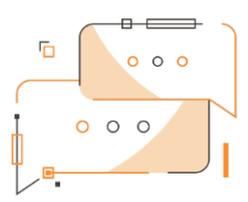

compliance with regulations regarding the recovery of packages in Microsoft Dynamics 365 Business Central

# CONAI

## App for Microsoft Dynamics 365 Business Central

The CONAI Eos Solutions app allows compliance with regulations regarding the recovery of steel, aluminum, cardboard, wood, plastic, glass packaging within Business Central.

Do you want the system to quickly calculate CONAI contributions? Do you need to print the CONAI contributions details on purchase and sales documents? Would you like to choose the packages directly from the item card?

### How it works

Thanks to CONAI you can:

- Set a general setup so that the system automatically calculates the contributions for packagings
- Manage the packages (and contributions) directly from the item card
- Choose packages connected to BOM or Assembly List

#### Quick Guide

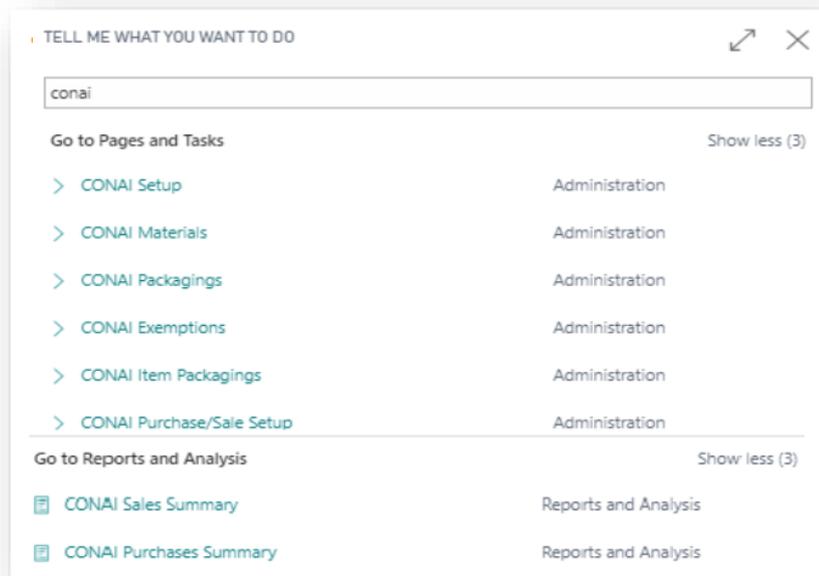

Ready in a few steps:

1. Enter the CONAI setup
2. Create documents that involve packaging management
3. Print the documents with the caption "CONAI"

## CONAI - SUMMARY

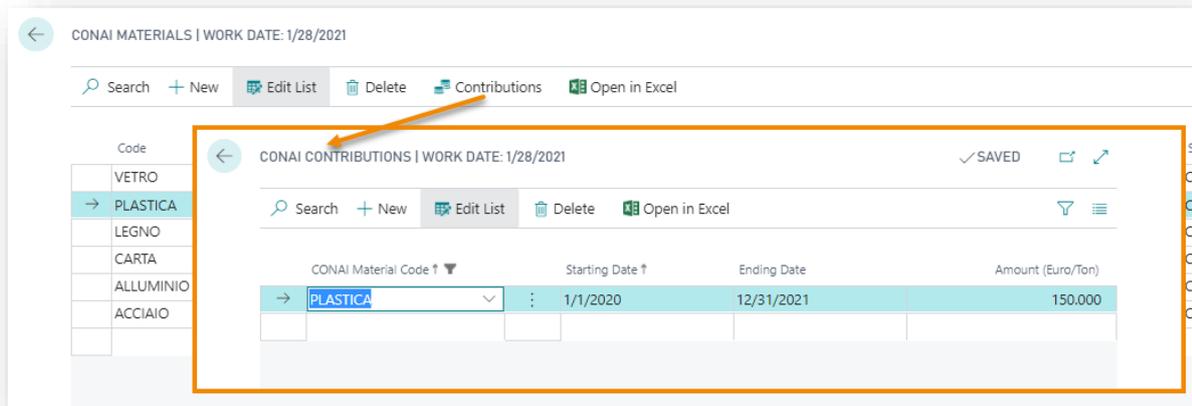

Press ALT + Q and digit "CONAI" for a summary of the features involved:

## Setup

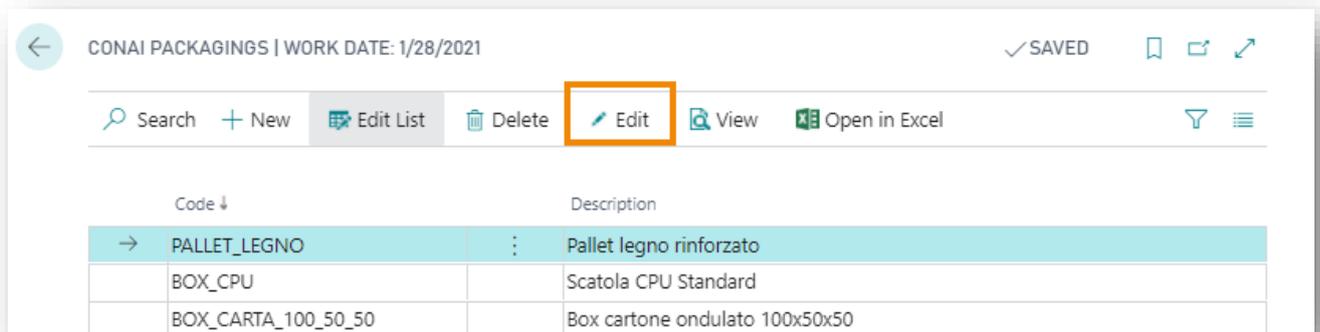

For each material the amount of the contribution must be specified, period by period, according to regulation:

<b>Steel</b>	3,00 €/t
<b>Aluminium</b>	15 €/t
<b>Paper</b>	35,00 €/t from 1 <sup>st</sup> January 2020 and <b>55,00 €/t from 1<sup>st</sup> June 2020</b> 55,00 €/t from 1 <sup>st</sup> January 2020 and <b>75,00 €/t from 1<sup>st</sup> June 2020</b> for multimaterial packaging with predominance of paper suitable for containing liquids
<b>Wood</b>	<b>9,00 €/t from 1<sup>st</sup> January 2020</b>
<b>Plastic</b>	<b>Level A: 150,00 €/t, Level B1: 208,00 €/t, Level B2: 436,00, Level C: 546,00 €/t from 1<sup>st</sup> January 2020</b>
<b>Glass</b>	27,00 €/t and <b>31,00 €/t from 1<sup>st</sup> July 2020</b>

## CONAI Packagings

They represent the types of packaging, which differ from each other only in the composition of the materials, which are defined by clicking on CONAI Packagings-> Edit

## CONAI Item Packagings

The CONAI packaging must be linked to the combination "Item / Variant / Unit of Measure" so the system can automatically suggest the weight in the sales and purchase invoices:

Each line must be enabled by crossing the Enabled field.

## Packaging management from item card

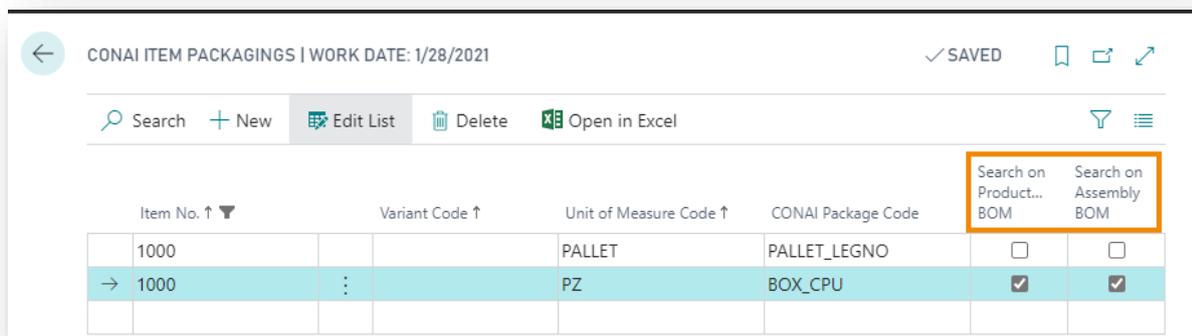

By specific setup, you can define CONAI packages directly from the Item Card, or from the Item List (by selecting the item of interest)

Item List/Card->Navigate->CONAI->CONAI Packages

## Management of packaging linked to bill of materials (BOM) or assembly list

In Item 1000 (finished product) from Navigate->CONAI->CONAI Packages you need to choose the option **Search on Product BOM** or **Search on Assembly BOM**

Define item components that are intended to serve as Item CONAI Package. In the field 'EOS Conai of the Item card you have to choose "CONAI Package":

ITEM CARD | WORK DATE: 1/28/2021

## Subscription

Some features of the CONAI app require a subscription.

The subscription can be activated from Subscription control panel or directly from the notification messages that the system proposes, by clicking on the link that allows you to start the subscription wizard
